Do objects from the End Of Credit Scenario count towards the limit for other objects that have End Of Credit? For example; Object X1 is 3 credits and has an End Of Credit of 3, and I buy an object from the End Of Credit zone that is 5 credits and has End Of Credit of 5. Would object X1 now have an End Of Credit of 8, just because I bought it? A: Objects with higher end of credit count as credit. I don't know about other games but that's how it is in XCOM 2.
